Excess! Excess! Read all about it!

The softening market is driving premiums down, which means lower costs to insureds. Now is the ideal time to offer more protection to your customer by offering higher limits on your liability accounts with an Excess or Umbrella policy. You can provide additional protection to your clients with an Excess policy and they pay the same or less premium than last year.

We have carriers with premiums starting as low as \$500, admitted insurers, and markets that can provide "excess of excess" limits to meet the needs of your larger clients.

Help out your bottom line by sending an Excess application with your next liability submission!

Contact **Cal Rogers, Susan Kutz, Tina Reed or Wendy Kroutil** to discuss your surplus lines needs.

We've got a policy for that!
